GATECRASHER is a game of strategy. You have to guide a number of barrels through a maze of tunnels, trying to make them land in one of the nine boxes at the bottom of the maze. As the barrels descend through the maze they will negotiate a series of gates, which will alter their course. Your aim is to study the maze and try to determine the destination of each barrel, in order to achieve each objective.

OBJECTIVES

Levels 1-4: place one barrel in each box.

Levels 5-6: sort numbers into order.

Level 7: place one barrel in each box.

Levels 8 onwards: repeat the above sequence.

Levels 5 and 6 require you to sort a series of numbers into ascending order (left to right). This is achieved by dropping a barrel into a box, which will switch its contents with the box to the right. Box 9 will change with box 1.

SCORES AND BONUSES

Score: 100 points per barrel

Bonus: Barrels left x 150
